Expert Political Judgment How Good

A Yale graduate with his Ph.D. in Psychology, Expert Political Judgment is the result of his 20 year statistical study of nearly 300 impeccably credentialed political pundits responding to more than 80,000 questions in total. The results are sobering.

Expert Political Judgment: How Good Is It? How Can We Know ...

Philip Tetlock's book Expert Political Judgment wants to know something very simple that is very difficult to find out. Through research, Tetlock wants to know how people can make good predictions about big social, economic, and political issues. For example: Is it possible for an expert to have predicted the collapse of the Soviet Union?

Expert Political Judgment: How Good Is It? How Can We Know ...

Here, Philip E. Tetlock explores what constitutes good judgment in predicting future events, and looks at why experts are often wrong in their forecasts. Tetlock first discusses arguments about whether the world is too complex for people to find the tools to understand political phenomena, let alone predict the future.

Expert Political Judgment: How Good Is It? How Can We Know ...

The intelligence failures surrounding the invasion of Iraq dramatically illustrate the necessity of developing standards for evaluating expert opinion. This book fills that need. Here, Philip E. Tetlock explores what constitutes good judgment in predicting future events, and looks at why experts are often wrong in their forecasts. Tetlock first discusses arguments about whether the world is ...

Expert Political Judgment: How Good is It? how Can We Know ...

Expert political judgement is a empirical examination of the ability of experts and non-experts to predict future political events. It reads like no other book I've read before. The author is fantastically self critical, heaping abuse onto his position from imagined detractors and then defending himself from multiple perspectives.

Expert Political Judgement by Phil Tetlock

The Good Judgment Project In his early work on good judgment, summarized in Expert Political Judgment: How Good Is It? How Can We Know? , [2] Tetlock conducted a set of small scale forecasting tournaments between 1984 and 2003.

Philip E. Tetlock - Wikipedia

Good Judgment has done some notable work on this particular front. A 2013 paper co-authored by Good Judgment co-founders outlined a formula for combining multiple probability forecasts that was "found to be superior to several widely used aggregation algorithms." Even though self-purported experts are often overconfident, they are ...
