Marriage Kinship And Family Forms

Marriage Family and Kinship. Marriage. It has been generally assumed that the institution of marriage is a universal feature in human societies. Although many sociologists and anthropologists have attempted to provide definitions of marriage, none of them has been satisfactorily and sufficiently general enough to encompass all its various manifestations.

Family. The family forms the basic unit of social organization and it is difficult to imagine how human society could function without it. The family has been seen as a universal social institution an inevitable part of human society. According to Burgess and Lock the family is a group of persons united by ties of marriage, blood or adoption constituting a single household interacting with each other in their respective social role of husband and wife, mother and father, brother and sister ...

Marriage Kinship And Family Forms

Kinship, marriage, and the family. The smooth operation of social life depended on obedience to religious precepts and on the operation of kinship, which was the major force regulating interpersonal behaviour. Kinship is a system of social relationships expressed in a biological idiom through terms such as mother, son, and so on. All Aboriginal kinship systems were classificatory, that is, a limited number of terms was extended to cover all known persons.
