Empower Getting Started Guide - Waters Corporation

Empower3 is a chromatographic data system (CDS), mainly applied in pharmaceutical industries, in the area of life sciences and biotechnology. Due to stringent regulatory and functional requirements as demanded of the industry, most users will confirm a CDS not to be fully comprehended just along the way. Missing knowledge of the software can be hindering at times for one to fulfill their laboratory duties in a timely manner.

Empower3 A Compact User Guide - beyontics

1. From the Start menu, click Start > All Programs > Empower > Waters Licensing Wizard. 2. On the Waters Licensing Wizard logon page, enter the default username and password, leaving Local as the database parameter. Note: Empower software provides a default system user account that you can disable but not remove from the software.
